

FOUR-STROKE F200

Yamaha's F200 Digital and Mechanical Control outboards now feature integrated steering options, combining power, reliability and control.

Choose from Integrated Electro-Hydraulic Steering or Integrated Hydraulic Steering, housed neatly within the engine bracket. This results in a simple and clean rigging set-up, and an uncluttered transom area, while exposing less components to the elements for improved long-term durability and reliability.

Available in signature Yamaha grey and pearlescent white, the F200 model line-up brings a new level of next generation boating.

ENGINE FEATURES

- 2785cc four-cylinder engine.
- Four-cylinder In-line design delivers excellent fuel efficiency.
- Integrated Electro-Hydraulic or Integrated Hydraulic Steering options.
- Built-In tilt limiter.
- 2 colour options with raised graphics.#
