

# FOUR-STROKE F70 *All-round Performance*

Beating in the heart of the F70 is a unique four-cylinder, 16-valve design activated by a single overhead camshaft. The 4-valves per cylinder valvetrain has dramatically increased this outboard's volumetric efficiency, effectively transferring more air and exhaust at a more efficient rate.

## ENGINE FEATURES

- 996cc four-cylinder engine.
- Award winning engine designs with class leading power and performance.
- Forward control or optional multi-function tiller.
- Variable trolling for low speed fishing.
- Exclusive YDC alloy for maximum corrosion protection.
- Freshwater flushing device for easy and quiet maintenance.
- Compatible with all of Yamaha's premium colour and digital gauges.
- Available in either **NEW** Pearlescent White or Signature Grey.
- Compatible with Yamaha's Shift Dampening (SDS) propellers.
