

For all-round portability, power and performance, the F8 delivers well above its class. The 212cc, inline two-cylinder, four-stroke compact engine provides exceptional speed and acceleration for its size - delivering an ideal engine platform for small tinnies and inflatables. With a fold-in tiller handle, comfortable carry handles and resting pads, these outboards are easy to mount, remove and store.

Like all Yamaha engines, the F8 is extremely quiet, has excellent fuel economy, produces low emissions and delivers an exceptional smooth and reliable performance.

ENGINE FEATURES

- 212cc two-cylinder engine.
- Lightweight and powerful.
- Shallow water drive for convenient navigation of shallow water.
- Freshwater flushing device for easy and quiet maintenance.
- Comfortable ergonomic shift lever and tiller handle.
